## Quality Assurance Engineer

LinkedIn: <https://www.linkedin.com/in/enas-shamia/>

Email: [enasshamia10@gmail.com](mailto:enasshamia10@gmail.com)

### Experience

- **Quality Assurance Engineer**

WeWill -Sep 2023 – Feb 2024

- Performed regression, integration, and performance testing, identifying and reporting 100+ bugs using Jira.
- Created detailed bug reports and high-quality test documentation.
- Performed API testing with Postman and documented results.
- Collaborated with developers to improve test coverage and ensure reliable releases.
- Designed and executed test cases to ensure product quality.
- Developed and ran automated test scripts using Selenium and TestNG.
- Applied version control with Git for team collaboration
- Enhanced the automation framework by integrating new test cases
- Strengthened knowledge in QA methodologies, SDLC/STLC, Agile practices, and test automation frameworks.

- **Teacher Assistant**

Al Azhar University - Oct 2021– Oct 2023

- Assisted in teaching programming languages (Dart, Flutter, Java, C, HTML, CSS, SQL).
- Mentored students to improve coding and problem-solving skills.
- Evaluated assignments, quizzes, and exams, providing constructive feedback.
- Guided students through real-world coding exercises, debugging, and project development to enhance understanding and practical skills.
- Created and maintained learning materials, such as coding examples, lab instructions, and assessment rubrics.
- Supported students individually and in groups to strengthen their algorithmic thinking, object-oriented design, and software development skills.

- **Quality Assurance Engineer Intern**

Gaza Sky Geeks

Jan 2022 – Jun 2023

- Learned and applied QA methodologies and software testing principles within Agile development environments.
- Designed and executed manual test cases for web and mobile applications to verify functionality, usability, and compatibility.
- Assisted in creating test documentation such as test plans, test cases, and defect reports.
- Supported the QA team in developing and maintaining automated test scripts using Selenium / Postman (adjust tools based on what you actually used).

### Education

#### Bachelor's degree in Computer Systems Engineering

Al-Azhar University – Palestine

### Technical Skills

- Manual Testing,
- Selenium
- Postman,
- JUnit
- TestNG,
- Git
- Java
- SQL
- HTML
- CSS,
- Agile
- SDLC
- Jira
- Flutter
- Excel sheet

### Testing, UX/UI & Other:

- REST API
- Git, GitHub
- Cross-functional Collaboration
- Reusable Component Development

### Languages

Arabic Mother tongue

English: Good speaking, reading, and writing skills.

Serbian: Beginner level, currently studying
